## School Vision & Mission

### Our Vision

Following the guidelines given by the Church, the Hong Kong Catholic Diocese and the Preventive System propagated by the Salesian Congregation, we strive for the nurturing of an open, participative and religious school atmosphere in which joy, trust, a sense of unity and self-discipline prevail. This atmosphere, in St. Louis context, cultivates in students:

1. interest in knowledge and virtue (Scientia et Pietas).
2. nobility of character.
3. active involvement in a variety of activities.
4. a sense of belonging to the school, family, society and country.

### Our Mission

With this Vision in mind and under the close collaboration among the school authority, teachers and parents, the school promises to commit itself to:

1. Developing students' interest in learning with motivation and cultivating in them the ability of critical, independent and creative thinking.
2. Supporting teachers in all areas of school life in enhancing an all-rounded education.
3. Cultivating in students a quest for nobility of character, i.e. piety towards God, integrity, self-discipline, sense of responsibility, emotional maturity and readiness to serve others.
4. Encouraging teachers and students to commit themselves to various cultural, sportive and educational activities. Teachers are involved as stimulating advisers following the Preventive System whereas students as creative, critical and independent organizers.
5. Promoting in students a strong sense of belonging to the school, family, society and country. It is to be achieved through a harmonious and trustworthy school atmosphere; through all kinds of education and activities; through a friendly and caring relationship between teachers and students, and through the close collaboration among the school authority, teachers and parents.

# Major Concern 1: Continue to develop our school and enhance all the programs and resources to achieve the learning goals and requirements of the NSS curriculum

## 1.1 Develop the combination of NSS electives to satisfy the needs of students
