**(for Parents/Guardians of Students Currently Studying Secondary 6)**

The results of Hong Kong Diploma of Secondary Education (HKDSE) Examination will be tentatively announced on 20<sup>th</sup> July, 2022. In order to reduce social contact and thus effectively contain the potential spread of COVID-19 in the community, the EDB will pre-record the parents' seminar on “Get Prepared for the Release of HKDSE Examination Results - the Latest Information on Multiple Pathways” for this school year.

This seminar is conducted in Cantonese. It provides the latest information on comprehensive support measures to better prepare current S6 students and parents/guardians for the HKDSE Examination results release day, and multiple pathways to be presented by representatives of the Education Bureau, JUPAS Office, HKEAA, and Vocational Training Council. The videos and presentation slides of the seminar will be uploaded to the “New Academic Structure Web Bulletin” ([www.edb.gov.hk/nas/en](http://www.edb.gov.hk/nas/en)) by mid-June 2022. Parents/Guardians may visit the above website for the latest information, so as to get well-prepared and provide guidance and support for their children to plan for their future pathways.
