Circular No.172 (25-26)

12<sup>th</sup> January, 2026

Dear Parents/ Guardians,

### **Re: Sabah Geography Expedition 2026**

To help geography students develop a holistic understanding of different geographical features in the world, the Geography Department will organize an overseas geography expedition to Sabah, Malaysia. This expedition will focus on investigating local wetland ecology, tropical rainforests, agricultural activities, and the local culture. The expedition provides opportunities for students to experience the natural environment outside the classroom and to apply their textbook knowledge to real-life situations. Visiting Sabah, an area with incredible natural diversity, featuring tropical rainforests and abundant wildlife, helps to broaden their horizon and raise their interest in geographical studies. Details of the expedition are given below:

Date	25 <sup>th</sup> June (Thurs) – 30 <sup>th</sup> June 2026 (Tue)
Fee	HKD \$9,300 (please refer to the appendix for the breakdown)
Destination	Sabah, Malaysia
Accompanying teachers	Mr. SO Ho Yin Steven, Mr. LEUNG Sze Chun and Mr. WU Man Hui Samuel
